

# 'MAGGIE'

DOB 27/07/2019

**MICROCHIP NO: 93400090204170**

If you are looking for a female Dobermann, Maggie might just be the one for you!

Maggie is a fun-loving girl, very good with other dogs and loves people especially women.

Maggie is just over 5 years old, black and tan and needs a new home within the next 5 weeks as unfortunately her owners, due to health reasons, need to move into a retirement village.

Maggie is microchipped, vaccinated and desexed. She comes from a very loving home, and she has spades of love to give.

If you can offer Maggie a forever home, please contact our Puppy Officer Jan on the mobile number below.
